Dear Federal Trade Commission:

I beg you, do not hinder my current business, or the opportunity for average Americans to create their own financial success by owning a business through Market America's awesome business plan. My husband is a stay-at-home Dad, and I am a full time secretary. We have dreams that one day both of us will be home with our two daughters. We do not trust our precious jewels to anyone else - - which is why we keep a very tight budget, and are building our Unfranchise business with Market America.

People want a better way to earn money, and be home with their children

-  
- or save for future retirement. Maybe you should take a look at the business plan before you decide the fate of thousands of Unfranchise Owners. PLEASE - DO NOT SUPPORT THIS RULE BEING PROPOSED. IT ONLY HURTS PEOPLE TRYING TO BETTER THEMSELVES AND THEIR FAMILIES.

Sincerely,  
Lois and Jesse Floyd

Sincerely,

Lois Floyd
